Inter-Office Memorandum

#17

TO: JANE DUFF
FROM: PAUL F. CROUCH
DATE: OCTOBER 12, 1987

Dear Jane:

Please be on the lookout on probably next month's American Express billing, since I have just turned in the ticket that we did not use for a trip to Lugano last month. The credit will be several thousand dollars, you might check with Margie to get the exact amount. I am just concerned that this large a ticket return does, indeed, get properly credited to our American Express account.

Thanks.

President

RE: VHS EQUIPMENT TAPES

Dear Harold:

Thank you for the memo. May I suggest that you broaden the overall out-look to include the entire company policy contained in the memos (Station Rules and Regulations) that were distributed by our attorney, Colby May.

The policy spells out infractions that result in disciplinary action and termination.

The wording to add should say:

"The unauthorized use of NMTV equipment is grounds for termination".

Have all employees read and sign these Rules and Regulations.

This section should also be posted. All new employees should read and sign.

Sincerely,

JANE DUFF
Administrative Assistant

Dear Mr. Boyce:

I have just received the copy of your resume and am pleased to let you know that after a conversation with our chief engineer who is in charge of the building project in Portland, it appears that the building of the station is finally on a smooth track after having difficulties with the zoning commission. We, of course, need to continue to hold this project up in prayer as the enemy would like to sidetrack us if at all possible.

If everything progresses the way we expect it to, the master control facilities will be built at the studio some time in late September. We hope to be on the air early in the month of October and at such time our management needs to be in place. If you are interested in waiting that long we certainly will consider your resume along with the others that we have received thus far. We will contact you for an interview at a later date if you are interested at that time.

Thank you for your interest in the new television ministry to reach the great city of Portland.

National Minority Television Inc. (NMTV) is the owner of the license and therefore all employees will be employed by NMTV and not TBN. TBN has an affiliation with NMTV for Channel 24 to carry its programs. The FCC allows a broadcaster to own up to 12 full power stations and in addition to that, with minority control, there can be an additional two stations owned. I hope this explains the relationship between NMTV and TBN.

Sincerely,

NATIONAL MINORITY TELEVISION INC.
